

STEP 1

1

CRAWL**Stay Low — Crawl Under Smoke**

In your house, immediately get down low to the floor. Crawl under any smoke, covering your mouth and nose with a cloth.

STEP 2

2

COVER**Cover Mouth & Nose**

Do NOT open any doors if the handle feels hot. Find another clear escape route if your path is blocked.

STEP 3

3

STAIRS**Use Stairs Only**

Focus on getting out of your house safely, using stairs only if you're on an upper floor. Once you are outside, call the Fire Brigade on 101
