

## STEP 1

1

**DUCK****Drop, Cover & Hold On**

As the earthquake starts, immediately drop to the ground, cover your head and neck under a sturdy school desk or table, and hold on. Stay far

## STEP 2

2

**STEP BACK****Stay Away from Windows**

Do NOT try to run out of the school building while it is shaking. Stay sheltered and away from falling objects.

## STEP 3

3

**NO LIFT****Do NOT Use Lifts**

Once the shaking completely stops, use stairs to carefully evacuate the school and move to a wide-open area away from all buildings. Do not use
