

STEP 1

1

GO UP**Move to High Ground**

Move to the highest ground in your society right now, like an upper floor or a rooftop.

STEP 2

2

AVOID**Do NOT Walk in Floodwater**

Do NOT walk in floodwater; it hides dangers and can be electrically charged. If it's safe to reach, switch off your main electricity

STEP 3

3

POWER OFF**Switch Off Electricity**

Call 112 immediately for emergency help. Tell them your precise location within the society.
